The Law Firm Squire Patton Boggs Świącicki Krześniak Sp.k has been cooperating with Ms Inga Raczko-Runkiewicz and Biuro Tłumaczeń In-Translate for nearly eight years. It concerns mainly translations from English, German, Spanish and French. However, several times during our cooperation we needed the services of translators of other European languages, such as Dutch, Bulgarian, Italian, Norwegian, Romanian, Hungarian and many others. Furthermore, in the past few years we have also ordered translations from languages outside of Europe, e.g. Chinese or Japanese.

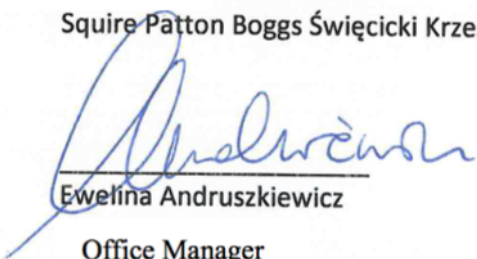

The nature of the texts is very broad, ranging from all kinds of correspondence, corporate, court/trial, financial and accounting documentation, memoranda, legal opinions, documentation in penal proceedings carried out by Polish and foreign regulators, to promotional and marketing materials.

Biuro Tłumaczeń In-Translate always performs the entrusted tasks in a reliable manner and the quality of the work is at the highest language level. It is extremely important for our law firm that the efficiency and timeliness of translations performed by Biuro Tłumaczeń In-Translate does not change even under the pressure of time. Often, the order includes certified translations from many languages to be realized simultaneously in a very short period of time. The Agency team copes with such situations perfectly and always reliably.

With full responsibility and conviction we recommend cooperation with Ms Inga Raczko-Runkiewicz and the entire team of Biuro Tłumaczeń In-Translate.
